- ❖ Contact persons
- ❖ Parents' Council
- ❖ Annual planning & closing days 2024

Dear parents from woki 1 and 2,

We have a new newsletter for you.

In it, we have once again included exciting impressions from the various areas and summarized important news.

We hope you enjoy reading it!

Your woki team

Hello dear parents,

Today we are pleased to present the first newsletter in 2024 and we have included some interesting new topics. Our colleagues who accompany special positions will now give you a review of past processes and offers as well as an outlook on upcoming projects in each newsletter. You will also find some familiar topics, such as an update on new developments at woki and impressions of everyday pedagogical life in all areas.

This newsletter will also be the last with my involvement, as I will be leaving woki in mid-May. We are currently working intensively on continuing the newly established structures in the best possible way. Leaving woki will be a difficult step on the one hand, but on the other I am very much looking forward to new professional prospects.

In this day and age, daycare always means change and we have mastered many changes very well. I would like to take this opportunity to thank every single colleague, our contacts at Adidas, at KiKu and of course you, dear parents and the parents' council, for the constructive cooperation and the time we spent together. We have climbed high mountains together and I have learned an incredible amount along the way. We have mastered situations where we initially thought the solution was unattainable. And yet we kept going and were able to discover new paths together.

This joint support is woki's most valuable asset and I am sure that the woki journey will continue wonderfully.

For now, enjoy reading the newsletter!

Best regards  
Jasmine

## Opening hours

We currently have the following opening hours:

Kindergarten: Monday - Thursday, 7:45-17:30, Friday 7:45-16:30 (This also includes the forest group, as children of kindergarten age can only be admitted there)

Nursery: Monday - Friday, 7:45-16:30 The late group, children from 2 years, Monday - Thursday, 16:30-17:30.

## Communication with each other

As it is often very difficult to distinguish which information is important or less important in our many news items and to find the important news again, we have revised our homepage. You will find a "FAQ" section there. All FAQs and overviews are already stored there. In future, you will also find our newly developed concepts and the latest newsletter there.

You can easily access our homepage via this QR code or the link:

[FAQ – Kita World of Kids – Kinderzentren Kunterbunt \(kita-world-of-kids.de\)](https://www.kita-world-of-kids.de)

We very much hope that this form is clearer and that you will find the important information more quickly.

We would also be delighted to receive further feedback or suggestions on how we can further optimize communication.

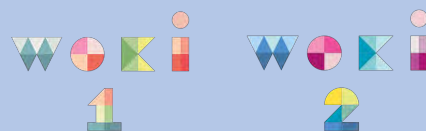

## KitaWeb - home stretch is in sight!

We are currently familiarizing ourselves with the app. However, we still need some time to ensure a smooth launch.

As soon as we have worked out all the functions and options, we will write to you separately. You will then find all the useful information in it.

On the following pages, we would like to give you a few impressions of the departments and our employees.

advanced training

## Songs to sing and dance along to

We are starting a new category and would like to share with you the most popular songs from our everyday pedagogical life. We sing these songs mainly in circle time with the children.

- ❖ [If You Happy and You Know It Clap Your Hands Song with Lyrics \(youtube.com\)](https://www.youtube.com/watch?v=...)
- ❖ [Aramsamsam - Singen, Tanzen und Bewegen || Kinderlieder \(youtube.com\)](https://www.youtube.com/watch?v=...)
- ❖ [Töff töff töff die Eisenbahn - Singen, Tanzen und Bewegen || Kinderlieder \(youtube.com\)](https://www.youtube.com/watch?v=...)
- ❖ [Ich bin ein dicker Tanzbär - Kinderlieder zum Mitsingen | Sing Kinderlieder \(youtube.com\)](https://www.youtube.com/watch?v=...)
- ❖ [Tschu Tschu wa - Singen, Tanzen und Bewegen || Kinderlieder \(youtube.com\)](https://www.youtube.com/watch?v=...)
- ❖ [Schmetterling, du kleines Ding || Kinderlieder zum Mitsingen und Bewegen \(youtube.com\)](https://www.youtube.com/watch?v=...)

### Naan bread

- 1 kg spelt flour
- 1 yeast cube
- 1 packet baking powder
- 20 g salt
- 20 g sugar
- 50 g oil
- 100 g yoghurt
- 600 g water

Dissolve the yeast cube in the lukewarm water. Then knead all the ingredients in a food processor to form a smooth dough, knead well again with your hands if necessary.

Leave to rise overnight or for at least an hour. Shape the flatbreads and leave to rise again.

Heat the oven to 250 degrees. Grease a baking tray with butter and place the loaves in it.

Sprinkle with sesame seeds and bake for approx. 7 - 8 minutes.

### Apple-banana sticks

- 1 apple
- 1 banana
- 150 g fine rolled oats, a little more if necessary
- some cinnamon powder
- starch to taste

Wash the apple and remove the core. Finely grate the apple, peel and mash the banana. Add the apple to the banana puree and mix with the rolled oats and cinnamon powder.

Shape the dough into small sticks and bake at 170 degrees for approx. 15 minutes until golden brown.

## Parrot cake

300 g flour  
1 sachet baking powder  
1 pinch of salt  
250 g soft butter  
250 g sugar  
2 sachets of vanilla sugar  
4 eggs  
75 ml milk  
Food coloring (in blue, green, yellow, red)  
Butter for the mold (39x26x4 cm)

For the icing:

250 g powdered sugar  
5 tbsp lemon juice  
some colored sugar sprinkles to sprinkle on top

Mix the dry ingredients. Mix the butter and sugar. Gradually stir in the eggs. Add the flour mixture and milk and mix briefly. Divide the batter into four equal-sized bowls.

Add a few drops of food coloring to each bowl and stir briefly.

Preheat the oven to 180 degrees (fan oven: 160). Grease the baking tray. Now spread the different colored doughs randomly in blobs on the tray.

Then carefully smooth out the dough. Bake in the preheated oven for about 25 minutes. Allow to cool completely and leave the cake in the tray.

For the icing, mix the powdered sugar and lemon juice and pour over the cake. Sprinkle with sugar sprinkles and leave to set.

The carnival season has also reached us! The children actively helped to decorate the rooms, whether balloons, garlands or painting the entrance doors - the woki became colorful!

A craft activity also took place. Carnival masks, colorful flower decorations and beautiful Valentine's Day hearts were created.

And of course there was also face painting for children! And to everyone's delight, the children prepared delicious chocolate rice cakes.

## Carnival in the woki 1 kindergarten

The nursery was not only busy crafting and painting, but also baking!

The parrot cake mentioned above was one of the highlights of the day.

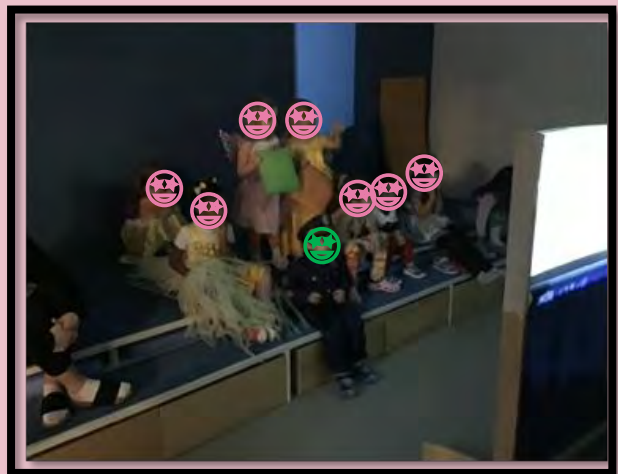

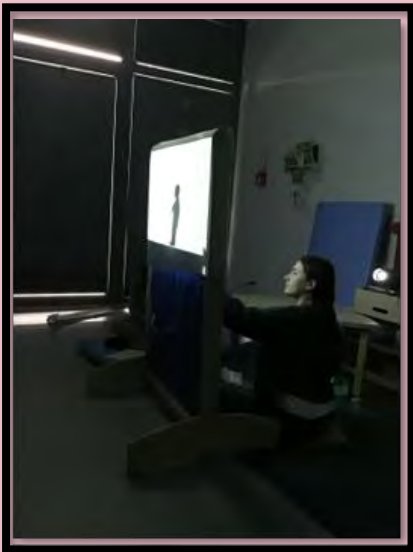

The highlight of carnival in both houses was the visit of the dance guard from Bruck!

## Carnival in the woki 2 kindergarten

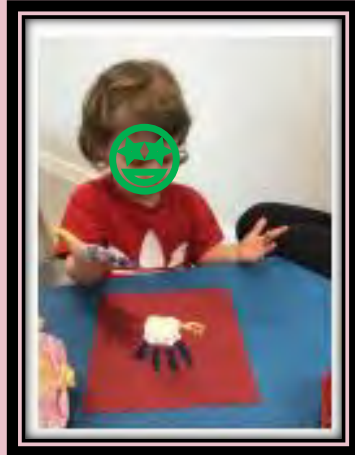

The woki 2 kindergarten also had plenty to do: Shadow theater, face painting and the photo box were just a few ways to get into the carnival spirit.

In the Woki 2 nursery, handicrafts were in great demand. Clowns were printed from handprints and masks were made, which were then put on in the photo box!

## IMPRESSIONS FROM THE AREAS

In the kindergartens, our movement teacher Christian introduced the children to winter sports.

## IMPRESSIONS FROM THE AREAS

New year - new happiness! You all know where this quote comes from.

Christian and the team of sports teachers have come up with some sporting highlights.

In January, the children from Kiga 1 and 2 practiced ski jumping. Christian first explained which muscle groups are needed and then we started to train these muscles. First of all, we jumped hard, but we also had to learn how to roll correctly. Finally, we went onto the ski jump. On socks it was a rather moderate exercise, but with a cloth or carpet mat it went much faster. Not only strength was required, but also a lot of coordination and, of course, courage.

See for yourself how fantastically your children mastered this challenge!

## IMPRESSIONS FROM THE AREAS

Hello dear parents,

for those of you who don't know me yet, my name is Stephanie and I work in the field of nutrition education. To introduce myself briefly, I am a DGE-certified specialist dietician for infant and toddler nutrition and I work in the nursery and kindergarten in both buildings. Together with your children, I explore the world of food and would like to share this with you. I also regularly train the staff in nutritional education. I am currently training the staff on portion sizes that a child can, should or should not eat. I also offer parent talks on nutrition. Here in the newsletter you will be able to read about nutrition, recipes and book recommendations from me.

First I would like to introduce you to my new colleague. You have probably already heard of him.

**His name is Brokkolino and he is an expert in nutrition.**

He tells the children about power foods, where they come from and what you can do with them. At the moment, he is telling the children about winter vegetables and doing lots of experiments with the children.

There's also a lot going on in the crèche at the moment. We have hidden little sea creatures in the chickpea foam and tried to find them again with all sorts of small materials such as small tongs.

Best wishes from your nutrition team

Brokkolino and Stephe

Dear parents

In the coming months there will be more sporting activities that we are currently planning and would like to implement in the near future.

1. A new..., a long..., a really diverse project starts in March. For 12 weeks, your children from KiGa1, KiGa2 and the Fox group will have the opportunity to earn a Woki sports badge in bronze (1 - 3 sports), silver (4-6 sports) or gold (7-10 sports). Throwing, balancing, cycling, sprinting, floor gymnastics, strength exercises, jumping rope, long jump and other athletics sports are basic motor skills for all of us. Your children have a full 12 weeks to try out and put all this into practice. At the end, every child who takes part is presented with a certificate.
2. **Water familiarization** for pre-school children is being planned. In 2 groups (KiGa2; KiGa1 and Fox), some colleagues would like to let your children experience the element of water in a playful and active way. You will receive detailed information on dates, implementation and procedures in a letter to parents. Preparations are currently in full swing.

your movement teachers

Gina and Christian

Dear families,

from now on I would like to address you here in the newsletter with small contributions on the topic of school preparation. Since returning from the Christmas vacations, we have been working on project topics during our weekly school preparation meetings, the content of which the future schoolchildren have chosen themselves.

At the "Big Giraffes of Woki 1" meetings, the current topic is dinosaurs. In the picture you can see how the children count to 60 with the help of the gemstones. That is actually the number of teeth on the T-Rex!

The "wiggly teeth of Woki 1" are currently learning all sorts of interesting things about professions. The activities and utensils of the tradesperson in particular make their eyes light up.

In addition to the topic of animal hibernation, our "clever foxes" from the forest group are already working on the topic of first aid.

On February 20 and 21, we were delighted to welcome a nurse from the Höchststadt district hospital. She carried out the plaster pass in our house with our (almost) schoolchildren - training in first aid measures for children.

We will also soon have the great opportunity to visit a real elementary school from the inside. A teacher from Niederndorf elementary school will take an hour exclusively for us to take a tour of the school building and answer the children's questions.

Now is also the time for school enrollment. Please note the dates of your school. For Carl-Platz-Schule Herzo, for example, the date is Saturday, March 09, 24.

If you have any questions, requests or, of course, feedback on the subject of school preparation, please do not hesitate to contact me.

Kind regards

Bianca Stöhr

School Start Coordinator

Topic: Sex education

## IMPRESSIONS TRAINING

Dear parents,

Last fall, some employees completed a training course on sex education in daycare centers. This topic is so important that we all want to deal with it now.

An entire week of training on sex education is planned for April. The main focus here will be on dealing with the topic and what is involved in children's sexual development.

What developmental and psychological milestones do children go through? What can we as professionals do to protect children from assault? What is our own attitude and approach to the topic? All this and much more will occupy both institutions.

I have invited a renowned specialist on this topic and we are delighted that Ms. Melina Götz and her team will be joining us.

If you would like to know more about her and the topic:

[Sexualpädagogik Fortbildung und Beratung - Meline Götz \(sexpaed.de\)](http://sexpaed.de)

Furthermore, some of our native speakers are learning German in order to be able to continue their education in the pedagogical field with the prospect of becoming a specialist.

Best regards

Carina

Training and onboarding

Dear parents,

The following festivals and events await us in the coming weeks:

- ❖ Easter on March 28:  
The activities will take place in the individual areas.
- ❖ Parents' afternoon on May 08:  
Parents can participate in the afternoon in the respective areas. Further details will follow.
- ❖ Summer party on July 05:  
pick-up time will be between 14:30 - 15:00.  
The party will take place from 15:00 - 17:00.  
An exact schedule and more information will be announced in the near future.

We look forward to support in all areas!

Kathrin Gothra, Sri Nurhendiarni and Petra Weber have started in House 1. Alexandra Grecioiu will be joining our team from March 1.

Lisa Schickert has joined the team in House 2. Claudia Röhrig, our new remedial teacher, will be supporting the team from March 1.

Unfortunately, we also have to say goodbye.  
We wish the employees all the best for the future.

- Unfortunately, we have to say goodbye to Christina Alonso Coello, Philipp Hollmann, Kristina Sommer, Nina Gaiman and Sebastian Neuman in woki 1. We wish them all the best in their professional and private lives and would like to thank them for their commitment to woki.
- Amelie Huscher is leaving woki 2. We would like to thank her very much for her commitment and her work at our company and wish her all the best for the future.
- Jasmin Dechant will also be leaving us in May. We wish her all the best for her professional and private future.

Assistant to Management

Dear Parents,

as a parent council we have set up a WhatsApp group to allow for easier and more direct communication. This is a "private" parent council initiative, WoKi/KiKu are not involved. Please note that by joining the WhatsApp group, you accept WhatsApp's terms and conditions and privacy policy. Please note that these groups are not intended for sharing pictures or other official documents.

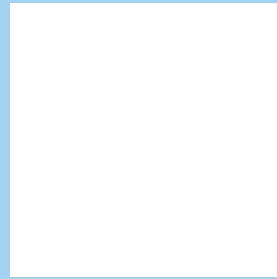

Sincerely,  
Parents' Council
