

General Info

The world of kids 1 and 2 are Adidas' company daycare facilities. We provide care for around 250 children in these houses. In both houses there is a nursery for all children from 6 months to 3 years old and a kindergarten for children from 2.5/3 years until they start school. In principle, the facilities are open to all children, but priority is given to families with Adidas affiliation.

Application

You can register your child for the nursery as soon as your child is born.

You can register for kindergarten at any time after that.

We will require two registrations from you in any case.

You will remain on the waiting list until you inform us that you no longer need the spot. Twice a year you will receive an inquiry e-mail.

We consider all applications received by January 15th for the start of the new kindergarten year in the fall. The allocation is done according to a scoring system and in close cooperation with Adidas and the Adidas works council.

Booking Hours

The booking hours stated in your application are binding.

One year after signing the contract you may reduce your hours if necessary.

Feedback & Confirmation

We will send you the feedback/confirmation via e-mail in March of each year.

After that, we offer a parents' evening for the nursery and kindergarten to discuss the contract with you in detail.

It is always possible that families leave us during the year - in this case we strictly follow our waiting list and offer the spots accordingly.

Start

The new kindergarten year always starts on September 1st. We cannot allocate places before then, as the preschool children have their contracts with us until August 31st.

From September 1st, the children will start in intervals, as we cannot accommodate the bedding in process for all the children at once. This means that children will start in September, October, etc. until February or March. We will divide the children according to your information, but also according to the age structure of the child and the children's group.

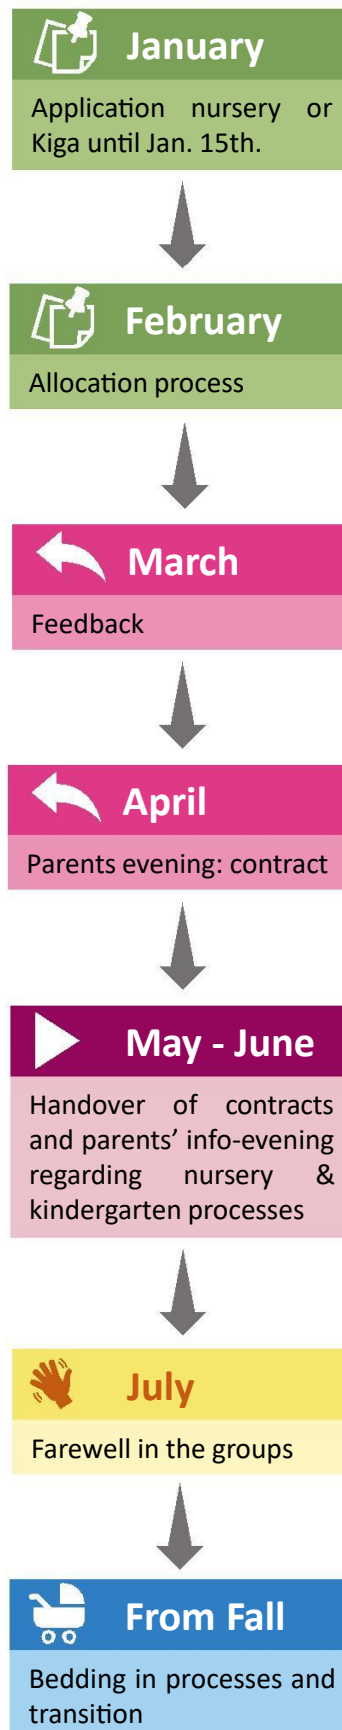

All of our families have very similar challenges. No family members in the area who can help out, very important and very labor-intensive jobs, and high employer expectations. It is our goal - together with you - to let your children start with us in a stable and safe way. To do this, each child needs time and 1:1 care from their primary teacher.

Please refrain from negotiating the start date with us.

Bedding In Process

Please note that the bedding in process in the nursery may take up to 6-8 weeks and plan accordingly. For the bedding in process in the Kiga 2-4 weeks. We focus on the needs of your child so that he or she can arrive safely and comfortably.

The transition from nursery to kindergarten is accompanied by the teachers. We start by slowly getting to know each other in July/August.

Further KiKu facilities

The waiting list at Woki is very long. Therefore, it is worthwhile to inquire at other daycare centers or to bridge a certain time with a childminder.

Below you will find a list of other KiKu facilities in the vicinity. You will also find contact persons who may be able to help you with day care.

KiKu facilities in Nuremberg

Alternative childcare

If there is currently no place available in a facility, a childminder could be an alternative.

In addition, there are play and learning centers where at least hourly care is possible.

Contact person in the area	
For the district of Erlangen-Höchstadt, you can find the contact persons for day care here: erlangen-hoechstadt.de/buergerservice/a-bis-z/kindertagespflege/	Information on day care, playrooms and learning centers can be found here: Kinderbetreuung Stadt Erlangen
Free places in daycare centers in Erlangen are listed here: Freie Kita-Plätze Stadt Erlangen	

In addition, there is a kind of coordination office for the different offers of day care through Adidas.

You can find all the information here:
